+ $20K/mo

Additional Revenue for Smoke Shops

RIVERSWEEPS CASE STUDIES

Purchased Hardware: 1 River Redemption Kiosk;
Start Date: March 2021;

Initial Investments: $3650 ($3250 for kiosk + $400 for shipping);
Additional Revenue: ~$20K/mo;

My name is Jeff, and I run few smokeshops in Dallas. Since COVID pandemic I had less people coming to my stores. I noticed my sales dropped and I was looking for the ways to increase my stores revenue. What business owner isn't looking for this right?

Then I came across Riversweeps promotional games. I heard people love playing these fish games in town though I didn't get the idea how entertainment service alone can increase my sales that much. I spoke with a manager . It took me just 10 minutes to set up me an agent account. What I like about the whole system is that you don't need to invest much. I was told it's better to start offering games through an tablet. That's what I did. The whole system is very intuitive so I barely had questions.

First week was slow. I got around $900 in extra sales. But rumor spread around and more people came through built-in referral program.
Within 2 month I was making around $4K through just one store. **It was eye-opening!**

Within a month I ordered mini POS devices to print the receipts to my other 5 stores.
Teaching staff how to to host the games takes like 10 minutes. Super easy!
Now I'm clearing $20K extra profit a month through my 5 smoke stores.

And you know what? My stores foot traffic increased driving product sales by around 25%!
I would recommend River to any retail store in Texas who is looking for creative ways of increasing its sales.
My experience is fantastic this far!
